Part 1 – Annual Budget

1.1 Mayor's Report

The Monthly section 71 report is a report that gives a clear view on the state or performance of the Municipality for that month as well as the year to date performance. Among the impacts that are challenging the Municipality, is the cash flow challenge currently being experienced by the municipality due to among other things declining collection, historic expenditure patterns, high water losses and high rate of indigents within the municipal boundaries.

Management within local government has a significant role to play in strengthening the link between the citizen and government's overall priorities and spending plans. The goal should be to enhance service delivery aimed at improving the quality of life for all people within the Uthukela District Municipality .Budgeting is primarily about the choices that the municipality has to make between competing priorities and fiscal realities. The challenge is to do more with the available resources. We need to remain focused on the effective delivery of the core municipal services through the application of efficient and effective service delivery mechanisms.

1.2 Council Resolutions

1. The Council of Uthukela District Municipality, acting in terms of section 71 of the Municipal Finance Management Act, (Act 56 of 2003) to note :
 1. Monthly Budget statements and supporting documents for the December 2013.

1.3 Executive Summary

As per Municipal Finance Management Act the municipality needs to prepare section 71 report in a prescribed format as per national treasury regulations.

The District has to embark on implementing revenue collection strategies to optimize the collection of debt owed by consumers.

There is a functionally IFC committee to ensure that all expenditure are curbed at the minimal but not affecting the service delivery based on the cash flow.

The municipality is also embarking on assuring that all grants are spent during the 2013/2014 financial year.
