## **Part 1 – Annual Budget**

### **1.1 Mayor's Report**

The Monthly section 71 report is a report that gives a clear view on the state or performance of the Municipality for that month as well as the year to date performance. Among the impacts that are challenging the Municipality, is the cash flow challenge currently being experienced by the municipality due to among other things declining collection, historic expenditure patterns, high water losses and high rate of indigents within the municipal boundaries.

Management within local government has a significant role to play in strengthening the link between the citizen and government's overall priorities and spending plans. The goal should be to enhance service delivery aimed at improving the quality of life for all people within the UThukela District Municipality .Budgeting is primarily about the choices that the municipality has to make between competing priorities and fiscal realities. The challenge is to do more with the available resources. We need to remain focused on the effective delivery of the core municipal services through the application of efficient and effective service delivery mechanisms.

### **1.2 Council Resolutions**

1. The Council of UThukela District Municipality, acting in terms of section 71 of the Municipal Finance Management Act, (Act 56 of 2003) to note :
  1. Monthly Budget statements and supporting documents for the month of July 2014.

### **1.3 Executive Summary**

As per Municipal Finance Management Act the municipality needs to prepare section 71 report in a prescribed format as per national treasury regulations.

The District Municipality has to embark on implementing revenue collection strategies to optimize the collection of debt owed by consumers.

The municipality is also embarking on assuring that all grants are spent during the 2014/15 financial year.
