#### **PART A: GENERAL INFORMATION**

#### 1. CHIEF EXECUTIVE OFFICER'S FOREWORD

MR S.B SIBISI ACTING CHIEF EEXECUTIVE OFFICER (ACEO)

The year 2023/24 has been a tumultuous - in all three senses of the word: confused, excited, and disorderly - year for the uThukela **Economic** Development Agency (UEDA). Five very senior members of the management left the Agency in the first two quarters of this financial year. The contract of the CEO came to an end at the end of August 2023, while two senior managers reporting directly to the Chief Executive Officer (CEO), and the Board Secretary

had their contracts expiring at the end of October. The Chief Financial Officer (CFO) resigned at the beginning of December. It was not, until the 2<sup>nd</sup> of November that an ACEO was appointed. For two full months, the Agency had no CEO. Had it not been for the acumen of the then Municipal Manager (MM) of UThukela District Municipality and the able leadership of His Worship, the Inkosi Shabalala, uThukela Economic Development Agency would have perished in those two months. Credit also must go to the Chairperson, Dr. Nduli and the Board of Directors he leads for going beyond the call of their duty just to ensure that the Agency continues to operate without an administrative head.

The collective effort for both the new administration of the Agency and the Board of Directors made the Agency to operate in as smooth a manner as none would guess there has such drastic changes in the overall management structure and personnel. The Agency was able to meet the deadlines for the compilation and submission of important documents like 2022/23 annual report, 2023/24 mid-year report, adjustment budget and 2024/25 draft annual budget.

Our biggest challenge, as an institution, in the year 2023/24 has been the termination of the audit services of the internal audit committee it was rendering to the Agency. Having only considered performance records for the first quarter in the year, the committee did not consider records for the second quarter. With the intervention of the new Municipal Manager, the same audit committee was appointed formally to audit records of performance for the Agency as well. The Agency is grateful to the internal audit and performance management units of uThukela District Municipality for the work they did for the Agency without compensation of any sort. Without their assistance, the Agency would not have been able to present records of any credibility to Auditor General for consideration.

The Unqualified audit opinion by the Auditor General SA (AG) is a testament to the amount of work everyone associated with the Agency put in. It is the culmination of warm and frank relationships between the mayor and the chairperson, the MM and the CEO. None of us worked for an unqualified opinion, but a clean audit opinion. However, under the circumstances, as alluded to above, an unqualified opinion is gratifying.

I present this annual report with satisfaction that I have led a team of managers who have shown dedication to their work and the institution beyond normalcy, and an entire workforce that responded positively to my call for discipline, dedication, good appearance and excellency. While the report is a narration of the year past, it is also a foundation for the years ahead.

improvement in performance.

In the middle of the year, we underwent a significant change in management and board members. The Board of Directors, together with the Acting Chief Executive Officer (ACEO) (since November 2023), successfully stabilised the situation, leading to an unqualified audit report. **Despite** the challenging circumstances and the prolonged period under an Acting CEO, the Agency achieved а remarkable

#### Dr. KH Nduli, UEDA Board Chairperson

The board is committed to ensuring stability in light of these achievements and the challenges faced. With a sense of nostalgia and excitement, I acknowledge the transition of our Acting CEO, staff, and uThukela District Municipality.

In response to the arrival of new board members, we decided to implement a capacity-building initiative to enhance their skills. I would like to express my gratitude to all board members, particularly the new ones, for the professional manner in which they have carried out their duties and responsibilities. Finally, I want to extend my thanks to the Acting CEO, the Agency staff, uThukela District Municipality, and the municipalities within the district for their efforts in promoting the Agency's work and fulfilling their responsibilities.

### 3. STATEMENTS OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY FOR THE ANNUAL REPORT

I confirm that to the best of my knowledge:

- All information and amounts in the annual report align with the audited financial statements by the Auditor-General.
- The report is complete, accurate, and free from omissions.
- It complies with the National Treasury's guidelines for annual reports.
- The annual financial statements (Part D) follow the applicable GRAP standards for Municipal Entities.
- The Accounting Officer is responsible for preparing the financial statements and judgments made.
- The Accounting Officer is also responsible for establishing internal controls that ensure the integrity and reliability of performance, human resources, and financial data.
- External auditors have been engaged to provide an independent opinion on the financial statements.
- The annual report accurately reflects the operations, performance, human resource information, and financial affairs of the entity for the year ending 30 June 2024.

Mr. SB Sibisi

Chief Executive Office (Acting)

Mr KH Nduli

**Board Chairperson** 

#### 4. STRATEGIC OVERVIEW

UThukela Economic Development Agency (UEDA) was established in 2017 informed by the Kwa-Zulu Natal (KZN) Cabinet Lekgotla, which was held on 11-13 September 2012 resolved to establish District Development Agencies. District Economic Development Agencies are key economic drivers identified in the KZN Provincial Growth and Development Strategy (PGDP).

#### **UTHUKELA DISTRICT OVERVIEW**

UThukela District Municipality, which is the parent municipality of UEDA; is located on the western boundary of the KwaZulu-Natal Province. It is bordered by three other district municipalities:

- Amajuba,
- · uMzinyathi and
- UMgungundlovu.

It consists of three local municipalities:

- Okhahlamba;
- Alfred Duma and;
- Inkosi Langalibalele

The district derives its name from one of the major rivers in KwaZulu-Natal, the uThukela River, which rises from the Drakensberg Mountains and supplies water to a large portion of KZN, as well as Gauteng It is predominately rural and is characterized by poor socioeconomic indicators such as low revenue base, poor infrastructure, limited access to services, and low economic base. Cities/Towns:

- Bergville:
- Cathkin Park;
- Colenso:
- Estcourt;
- Ladysmith;
- Van Reenen;

- Weenen;
- Winterton

#### Main Economic Sectors

- Manufacturing (21%);
- Wholesale and Retail Trade, Catering and Accommodation (17%);
- Finance, Insurance, Real Estate and Business Services (15%)

Map 1: Source: UThukela District Municipality Website

#### VISION

An economically vibrant and prosperous district that retains and attracts businesses anchored in unique opportunities and innovation for sustainable economic development.

#### **MISSION**

Create an enabling and business-friendly environment thus ensuring the retention and attraction of local and international investments and promoting new business ventures working with all social and business partners to achieve a prosperous sustainable economic development for uThukela District.

#### **OBJECTIVES**

The main objectives:

- To create an enabling and conducive environment for both local and international businesses to thrive.
- To facilitate, coordinate and monitor all district economic development projects.
- To restore business confidence in stakeholder engagements and establishment of the economic development working group.
- To mobilise and promote the use of local resources and skills thus ensuring maximum local economic development.

#### **KEY SERVICES**

The typical mandates of UEDA include the following:

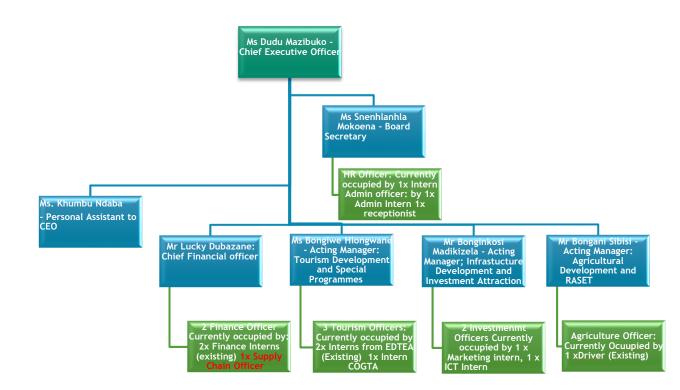

- Improve the economic context and opportunity of the territory.
- Fundraising and implementation on high-impact projects.
- Promote competition among healthy businesses.
- Provide tools for economic development that include the weakest and most vulnerable sectors.
- Develop relationships of collaboration and cooperation across sectors.
- To manage the spatial organization of the area in a socially efficient manner, particularly through the use of public land & targeted private projects.

- Stimulating economic development through development projects and investment support/promotion.
- The identification of catalytic projects.
- Focusing on sector competitiveness such as Industrialisation; Tourism; agriculture, job creation, and high-impact projects; Business Development Services and SME support, communication, property management, mediation between public and private sectors poverty alleviation, and small-town regeneration.

#### 5. LEGISLATIVE AND OTHER MANDATES

UThukela Economic Development Agency operates under a comprehensive legal framework designed to ensure accountability, transparency, and effective governance. These entities are primarily governed by the following legislative and other mandates:

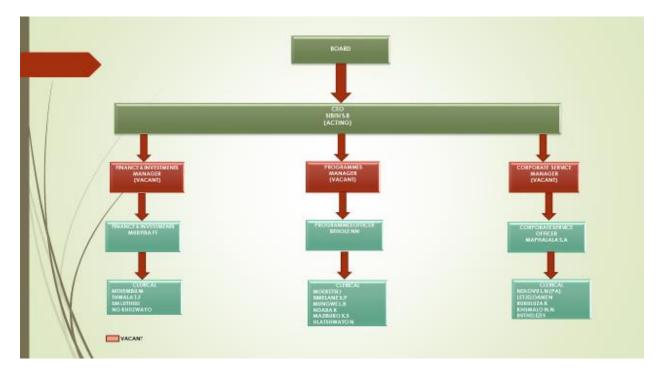

- Municipal Systems Act, No. 32 Of 2000
- Municipal Finance Management Act (MFMA), No. 56 Of 2003
- National Development Plan
- Treasury Regulations
- Policies and Directives of the Department of Cooperative Governance and Traditional Affairs(COGTA)
- · District, Provincial and National Priorities
- uThukela District
- KZN and National Economic Recovery Plans
- Provincial Growth and Development Plan
- Companies Act, No. 71 Of 2008
- Public Audit Act, No. 25 Of 2004
- King IV Report On Corporate Governance (2016)
- UThukela District Economic Recovery Plan and
- Memorandum of Understanding signed with various countries around the world

Ceased on the 31 October 2023

The organisational structure which was originally approved in alignment with the Annual Performance Plan for the 2023/2024 period, underwent significant amendments after the conclusion of staff contracts, particularly for managerial positions. Notably, changes occurred after October 2023, following the expiration of contracts for key management roles, and the departure of the Chief Executive Officer at the end of August 2023. These staffing changes necessitated a revision of the organogram to ensure it accurately reflects the current personnel structure and meets the evolving operational demands of the organisation. The updated organogram now better aligns with both the current staffing capabilities and the strategic needs for continued growth and performance in the upcoming period.

### The organogram below was approved by the board on the board meeting on the 05th of December 2023:

#### STRATEGIC PARTNERS

UEDA has through a number of strategic partnerships, aligned itself with like-minded stakeholders with a view to synergistically and consistently promote UThukela District's attributes.

Such linkages have seen a number of effective collaborations on projects within the district that make the Agency effective and efficient in its endeavors to fulfil its mandate.

#### Key strategic partners include:

- Public entities
- Financial institutions.
- Tertiary educational & research institutions
- Municipalities in UThukela District.
- The Business Chamber movement, at both local and district levels.
- Trade & Investment KwaZulu-Natal.
- Other Economic development agencies (national and international)
- Provincial and national government departments

#### PART B: PERFORMANCE INFORMATION

#### 7. INVESTMENT AND INFRASTRUCTURE

#### INTRODUCTION

The 2023/2024 financial year was a period of strategic growth for the Agency. Throughout the year, UEDA implemented key infrastructure and investment initiatives, secured substantial funding, and laid the groundwork for projects across critical sectors, including energy, transport, manufacturing, and small, medium, and micro enterprises (SMMEs). Significant milestones were achieved, including the successful completion of infrastructure projects, the facilitation of business expansion, and strengthened partnerships with local, provincial, national, and international stakeholders. Despite challenges in funding and stakeholder coordination, UEDA remains focused on positioning UThukela as a competitive investment destination.

# ENGAGEMENTS TO DEVELOP BULK INFRASTRUCTURE FOR ECONOMIC OPPORTUNITIES

A pivotal engagement was held to advance the Colenso Power Project, with the CEO of Colenso Power providing an insightful overview of the initiative. The project has garnered robust support from the Trade and Industry sector in Pretoria, reflecting its significant potential for regional development.

While the acquisition of a water license has experienced some delays, UEDA's Acting CEO is proactively addressing this challenge. Constructive discussions are planned with the uThukela District Municipal Manager and the General Manager for Water and Sanitation. This collaborative effort demonstrates UEDA's commitment to overcoming obstacles and ensuring progress.

In response to the passing of the previous community liaison, UEDA will assist in identifying a suitable replacement to maintain strong community engagement. Investor

opportunities for the project remain available, with construction targeted to commence in 2024.

This partnership between UEDA and Colenso Power is dedicated to resolving challenges and achieving shared success. Further updates will be provided as milestones are reached, underscoring the steady momentum of this transformative project.

# THE ESTABLISHMENT OF THE CLOTHING AND TEXTILE SPECIAL ECONOMIC ZONE

An engagement was held to discuss integrating a Special Economic Zone (SEZ) for the clothing and textile industry with the One-Stop Shop (OSS). Key stakeholders, including UEDA, Trade & Investment KwaZulu-Natal (TIKZN), IThala, and KwaZulu-Natal Department of Economic Development, Tourism, and Environmental Affairs (KZN EDTEA), outlined plans to co-locate the SEZ and OSS to enhance efficiency and streamline services.

KZN EDTEA allocated R7 million to support the SEZ's establishment, focusing on infrastructure, technology, and essential services. The Operational Planning Project Steering Committee proposed a joint cost-sharing model for operations, pending the signing of a Memorandum of Understanding (MOU) by the stakeholders. This initiative aims to drive economic growth, create jobs, and attract investment in the region's clothing and textile sector. The UThukela SEZ, is still in its proposal phase which is done by KZN-EDTEA.

#### SUPPORT INFORMAL ECONOMY AND SMALL ENTERPRISES

The Agency is committed to supporting the growth and sustainability of Small, Medium, and Micro Enterprises (SMMEs), despite financial constraints. In line with this mission, an SMME database has been established to facilitate timely communication and streamline assistance processes, ensuring efficient support delivery.

The Agency recognises the pivotal role played by SMMEs in driving economic development and fostering entrepreneurship within the community. To this end, the Agency remains steadfast in collaborating with SMMEs and maintaining active engagement to cultivate a conducive environment for their growth and success. This approach aims to contribute to job creation and economic empowerment. By the end of 2023/2024 Financial Year UEDA had thirty (30) SMMEs enlisted on the Agency SMME database, ranging from clothing and textile, and tourism to agricultural sector.

Despite financial constraints, the Agency remains committed to supporting the growth and sustainability of SMMEs. In the 2023/2024 Financial Year, the Agency assisted SMMEs with applications for funding from the Small Enterprise Development and Finance Agency(SEDFA), partnered with the Small Enterprise Development Agency (SEDA) to provide financial training, and engaged with various stakeholders to secure working and storage space for SMMEs. These efforts are aimed at fostering a supportive environment for small businesses to thrive.

SMME TRAINING AT ALFRED DUMA, TOWN HALL

# UTHUKELA TRADE AND INVESTMENT CONFERENCE (18 - 19 JULY 2023 AT APEX BOUTIQUE HOTEL)

The UThukela Trade and Investment Conference held in July 2023 was a significant success. The department compiled a detailed report highlighting the outcomes, collaborative efforts, and identified investment opportunities during the event. This report, anchored in the conference held at the Apex Boutique Hotel, serves as a valuable

reference for future trade and investment initiatives, emphasizing the agency's dedication to fostering economic development.

The conference showcased key investment opportunities in energy, agriculture, manufacturing, and infrastructure, with participation from existing investors like Sumitomo, Defy, and Nestlé. Funding support of R100, 000 each was secured from TIKZN and KZN COGTA.

# ENGAGEMENTS IN RELATION TO THE ESTABLISHMENT OF DUT SETELLITE OFFICE

A Post-Doctoral Fellow from the Durban University of Technology (DUT) was appointed to carry out a research survey designed to identify academic programs that are closely aligned with the needs of the local economy. The purpose of this survey was to assess which programs would be critical for the continued operation of the DUT satellite campus in the uThukela District. The findings from this survey were expected to guide decisions on which academic offerings should be prioritized, ensuring they cater to the region's economic demands and contribute to its growth.

However, despite the importance of this survey in shaping the future direction of the DUT campus, the results were never received. Without this crucial information, the Agency was unable to proceed with plans to support or expand the DUT satellite campus, as there was insufficient data to inform strategic decisions. This lack of survey results ultimately led to the decision not to continue with the development and operation of the DUT campus, hindering the Agency's ability to ensure that the academic programs offered met the specific needs of the local community and economy.

#### **CHALLENGES AND CONSTRAINTS**

- Several challenges and constraints impacted the execution of planned projects during the 2023/2024 financial year. One of the primary obstacles was the change in management, which occurred due to the end of key contracts. This transition led to disruptions in project planning and execution, as new leadership took time to adjust and strategise effectively.
- Additionally, budget constraints played a significant role in limiting the section's
  ability to meet its targets. The allocated budget for the Investment Conference,
  which was a priority initiative, consumed the entire budget for the section in the
  first quarter of the financial year. This unexpected expenditure left the section with
  limited financial resources to support other planned projects and activities,
  resulting in delays and the inability to achieve the set performance goals.

#### CONCLUSION

The uThukela Economic Development Agency (UEDA) has made significant strides in fostering economic growth and development despite various challenges and constraints. This quarter, the Agency demonstrated its commitment to facilitating large-scale investments, supporting SMMEs, and advancing trade opportunities.

#### **KEY ACHIEVEMENTS**

- Critical progress was made in the Colenso Power Project through collaborative engagement to resolve water licensing issues, paving the way for the construction phase
- Laid the groundwork for integrating a Clothing and Textile SEZ with the One-Stop Shop (OSS), supported by a R7 million allocation from KZN EDTEA.
- Established an SMME database to enhance communication and streamline assistance.

- Facilitated access to funding for SMMEs, and provided financial training in partnership with SEDA, contributing to economic empowerment and job creation.
- Successfully hosted the investment conference, highlighting key investment opportunities in energy, agriculture, manufacturing, and infrastructure.

Despite challenges such as budget constraints, project delays, and survey feedback gaps, UEDA continues to make meaningful progress in driving economic development and positioning uThukela District as a hub for investment and growth. The Agency remains steadfast in addressing constraints and capitalising on opportunities to support the region's prosperity.

#### IN-HOUSE TRAINING AND DEVELOPMENT WORKSHOPS

Over the past year, the Tourism Section successfully conducted four in-house training workshops, each designed to enhance the professional capabilities of department clerks. These sessions, held at the UEDA Main Boardroom, focused on addressing critical areas for personal and team development.

IN-HOUSE TRAINING- UEDA

take initiative in their roles.

The first workshop, held on 08 August 2023, concentrated on teamwork. The goal was to foster collaboration and unity among employees, emphasizing the importance of working effectively in teams to achieve shared objectives. On 01 November 2023, the focus shifted to leadership skills, equipping participants with the tools and confidence to make informed decisions and

In the workshop held on 08 February 2024, the team explored tourism product development. This session provided strategies for creating, innovating, and refining tourism offerings to cater to diverse markets and stakeholders. The final workshop, conducted on 16 May 2024, centered on effective stakeholder engagement, where employees learned techniques to build and maintain meaningful relationships with external partners.

These workshops offered numerous benefits to employees. Participants gained enhanced skills in key areas such as teamwork, leadership, product development, and stakeholder engagement, which significantly improved their effectiveness. The training also boosted their confidence, enabling them to handle responsibilities and interact with stakeholders more effectively. By equipping staff with relevant tools and strategies, the workshops contributed to improved

TOURISM IN HOUSE TRAINING

productivity, resulting in more efficient workflows and better outcomes.

In addition to professional growth, the workshops supported career development by introducing employees to advanced concepts and practices that prepare them for future opportunities. The emphasis on teamwork and stakeholder engagement strengthened collaboration among colleagues and with external partners, fostering a cohesive and supportive work environment.

These initiatives underscore UEDA's commitment to empowering its workforce through continuous professional development, ensuring employees are well-equipped to meet both current demands and future challenges.

#### **DISTRICT TOURISM UPDATES**

To bolster UThukela District's visibility as a tourism destination, UEDA spearheaded six (6) district tourism updates during the year. These updates, uploaded to the UEDA website and Facebook page, served as a vital platform to promote the district's diverse tourism products and services.

The updates, shared on 20 September 2023, 24 October 2023, 26 October 2023, 27 October 2023, 06 November 2023, and 07 June 2024, highlighted the richness of uThukela's tourism landscape. They included information on key attractions, upcoming events, and innovative tourism packages, ensuring that potential visitors and stakeholders remained engaged and informed.

By leveraging digital platforms, UEDA demonstrated a proactive approach to marketing uThukela's tourism offerings, positioning the district as a compelling destination for both local and international tourists.

#### LOBBYING FOR LISTING AND PROMOTION OF TOURISM SMMES

UEDA actively engaged with EDTEA and Tourism KZN through email correspondence and multiple engagements to advocate for the inclusion of tourism SMMEs from uThukela District on Tourism KZN's platforms. These efforts proved successful, as Tourism KZN agreed to list uThukela tourism products on its website. They also requested UEDA to monitor the website periodically to ensure that the district's offerings are effectively represented and marketed.

#### STAKEHOLDER DOCUMENT

UEDA developed a Stakeholder Analysis Document in-house, which identified key tourism stakeholders within the district. This document was formally noted by the UEDA Board of Directors on 8 July 2024, marking its adoption as a strategic resource. Complementing this, UEDA also drafted a Stakeholder Analysis Plan, providing a framework for engaging identified stakeholders to strengthen partnerships and enhance tourism development initiatives.

#### Stakeholder Mapping:

One way to represent the relationships between UEDA and its stakeholders is through a stakeholder matrix. Here's a simplified version:

Stakeholder	Power/Influence	Interest
UThukela District Mun.	High	High
Inkosi Langalibalele Mun.	High	High
Alfred Duma Mun.	High	High
Okhahlamba Local Mun.	High	High
UThukela SAPS	High	High

Stakeholder	Power/Influence	Interest
UThukela District Mun.	High	High
Inkosi Langalibalele Mun.	High	High
Alfred Duma Mun.	High	High
Okhahlamba Local Mun.	High	High
EDTEA	High	High
COGTA	High	High
Ladysmith Tourism Assoc.	High	High
Drakensberg Experience	High	High
Drakensberg Midlands	High	High
UThukela Dept. of Health	High	High
UThukela Dept. of Edu.	High	High
Mnambithi TVET College	High	High
Dept. of Sports, Arts	High	High
Dept. of Tourism	High	High
TIKZN	Medium	Medium

#### STAKEHOLDER ENGAGEMENTS TRADE

ZITHEI LODGE- EZAKHENI

In March 2024, UEDA conducted a stakeholder engagement with Zithei Lodge to assess its current operations, facilities, and marketing strategies. The lodge, located in Alfred Duma Local Municipality, is working towards grading its accommodation facilities and employs four full-time staff. While it caters to events and business travelers, the lodge relies solely on word of mouth, with no structured marketing materials or signage, which limits its visibility in Ezakheni Township.

Recommendations were made to improve marketing efforts, attract more customers, and foster local employment.

On 5 June 2024, UEDA participated in a trade engagement at Spionkop Lodge to plan the 125th Spionkop Commemoration event scheduled for January 2025. Key stakeholders, including representatives from Spionkop Lodge, Amafa, and UEDA, attended the meeting. The lodge emphasized the need for UEDA's active involvement in the event's organization and proposed a meeting with local mayors and UEDA's CEO to present the event details and secure their participation. Broader discussions also addressed challenges related to tourism marketing in uThukela District.

In November 2023, UEDA collaborated with KZN, and uThukela District Municipality to host a trade engagement workshop in Estcourt. The workshop focused on maximising marketing support for SMMEs and tourism product owners to promote growth and development within the district. It provided an opportunity to discuss strategies for improving tourism marketing and supporting small businesses, aligning with the district's broader economic objectives.

These engagements highlighted the need for structured marketing efforts, collaborative planning, and stakeholder involvement to advance uThukela's tourism sector.

#### **TOURISM ACTIVATIONS**

On July 10, 2023, UEDA hosted a tourism activation at The Square Center in Alfred Duma Local Municipality to promote uThukela's tourism products and raise awareness about district activities. Targeting both locals and visitors, the activation distributed 250 brochures and facilitated meaningful engagement between UEDA officials and the public.

On November 23, 2023, UEDA conducted another activation at Guinea Fowl Garage in Ladysmith to promote local tourism businesses and highlight uThukela District's offerings. With 150 brochures distributed, this event focused on rural and township tourism, historical sites, and cultural experiences. Strategically located along a busy travel route, the event effectively engaged motorists and encouraged them to explore the district's attractions.

N3 SOUTH BOUND ULTRA CITY ESTCOURT-TOURISM ACTIVATION

A major activation occurred at N3 South Bound Ultra City in Estcourt, targeting Easter travelers. Representatives from UEDA and local municipalities collaborated to distribute marketing materials and promote uThukela as a destination. Okhahlamba crafters showcased and sold their work, while the Drakensberg Experience CTO sponsored adventure vouchers and giveaways, including a night at The Cavern. This activation increased awareness of uThukela's tourism

potential and strengthened partnerships with local businesses and sponsors.

On June 14, 2024, UEDA and Okhahlamba Local Municipality organized a winter tourism activation at Bergville's Astron Energy Garage. Over 200 promotional materials, including brochures and maps, were distributed, showcasing attractions and accommodations across Inkosi Langalibalele, Alfred Duma, and Okhahlamba municipalities. The event received positive feedback from travelers, demonstrating the success of collaborative efforts in promoting uThukela's unique experiences and fostering long-term tourism growth.

ASTRON ENEGY GARAGE-BERGVILLLE

These activations emphasized strategic outreach, community collaboration, and engaging travelers, significantly contributing to the district's tourism development.

#### UMHLUMAYO CULTURAL VILLAGE PROJECT FUNDING

UEDA initiated efforts to secure funding for Phase One of the uMhlumayo Cultural Village Project. A formal proposal was submitted to Tourism KwaZulu-Natal (TKZN) to support further Environmental Impact Assessment studies for the project. However, no additional funding lobbying took place after the feasibility study, conducted by an appointed service provider, determined that the project was not viable. The remaining surplus of the grant is held by UEDA, pending approval from COGTA to use the funds for the revised business plan.

#### **UEDA ACCREDITATION PROCESS**

On September 27, 2023, UEDA held a meeting to address its accreditation process. Initially intending to apply through the Culture, Arts, Tourism, Hospitality and Sport Sector Education and Training Authority (CATHSSETA), the Local Economic Development (LED) Programme Section learned that CATHSSETA no longer provides accreditation services and was directed to the Quality Council for Trades and Occupations (QCTO). UEDA promptly submitted a letter of intent to QCTO to begin the accreditation process.

QCTO responded to UEDA's application, requesting several supporting documents, including the Company Registration document. However, a challenge arose as the document has shown a pending status on the Companies and Intellectual Property Commission (CIPC) system since March 28, 2024. This delay has prevented UEDA from completing its submission to QCTO within the required timeframe.

UEDA has taken active steps to address this issue, including regular follow-ups with CIPC and maintaining open communication with QCTO to explain the challenges. To mitigate the delay, UEDA focuses on expediting the resolution of the pending status and ensuring the timely provision of all required documents.

Despite these challenges, UEDA remains committed to achieving accreditation and prioritizes resolving the pending status issue to complete the process with QCTO.

#### **FAMILIARISATION TRIPS**

Between July 2023 and June 2024, the UThukela Economic Development Agency (UEDA) conducted several familiarisation trips to various tourism establishments within the UThukela District. These trips were designed to deepen the understanding of local tourism products, refine marketing strategies, and foster stronger partnerships with stakeholders.

NAMBITI GAME RESERVE-FAMILIARASATION TRIP

The journey began on 14 July 2023 with a visit to James Ilenga Lodge in KwaHlathi, where the serene setting and cultural importance of the lodge were highlighted. This was followed by a trip to Springbok Lodge in Nambiti Game Reserve on 25 January 2024, which showcased its luxury offerings and opportunities for conservation and eco-tourism.

On 12 March 2024, UEDA explored Siyaphambili Tours in Okhahlamba Municipality. The tour emphasized authentic Zulu cultural experiences that appeal to both domestic and international tourists. Another key visit took place on 6 May 2024 in Ntabamhlophe, Inkosi Langalibalele Local Municipality, where officials focused on rural and township tourism potential, particularly in heritage and eco-tourism.

Later, on 10 June 2024, the team visited the Tower of Pizza in Okhahlamba. This establishment combines a unique ambiance with its proximity to the Drakensberg, making it an integral part of the district's rural tourism offerings.

Additional trips were conducted to specific accommodations, such as the Uitval Lodge & Conference Centre in Indaka, Alfred Duma Local Municipality, on 14 December 2023. This lodge caters to families, business travelers, and leisure tourists with amenities like a pool, conference facilities, and cozy cabins. A subsequent trip on 18 December 2023 to Mt. View Lodge & Conference Centre in the same municipality highlighted its 30-room capacity, including facilities for disabled guests and event hosting capabilities.

**ROYAL NATAL-FAMILIARISATION TRIP** 

Finally, on 15 September 2023, the team visited the Royal Natal Drakensberg Park in Okhahlamba, a UNESCO World Heritage Site renowned for its natural beauty and cultural significance. This visit offered UEDA officials an opportunity to experience the exceptional services and attractions of this iconic destination.

The primary objective of these familiarisation trips was to ensure that UEDA's tourism officials are well-versed in the diverse tourism offerings available in the district. These firsthand experiences not only informed marketing strategies but also strengthened the agency's ability to support and promote these products effectively.

Through these engagements, UEDA gained valuable insights to enhance tourism development, ensuring that the UThukela District is positioned as a top travel destination for both local and international visitors.

#### **IDENTIFICATION OF CHICKEN FARMERS**

The identification of chicken production farmers was conducted through multiple channels to ensure a comprehensive and representative selection: Stakeholder Engagements: Engagements were held with various stakeholders, including agricultural associations, local government officials, and industry experts. These interactions provided valuable recommendations and referrals for identifying active chicken producers in the district.

Local outreach: Local agricultural auctions served as a platform for identifying farmers involved in chicken production. Auctions provide insights into the scale of operations and the market dynamics affecting these farmers.

Walk-Ins: Farmers who visited UEDA offices directly were also included in the identification process. These walk-ins provided an opportunity to engage with producers personally and gather information about their operations. The findings will inform the development of targeted interventions and support strategies, contributing to the growth and development of the poultry sector in UThukela District.

#### **GROUNDNUT SEEDS DISTRIBUTION**

On the 24 of May and 10<sup>th</sup> of June 2024, uThukela Economic Development Agency (UEDA) embarked on a significant initiative to support and empower local farmers in the communities of Nkaseni, Ngodini, and Nkaseni under Inkosi Langalibalele (ILM). This effort, conducted in collaboration with the uThukela District Municipality and Inkosi Langalibalele, focused on distributing groundnut seeds to previously disadvantaged farmers, aiming to boost their agricultural productivity and sustainability.

#### **Procurement and Distribution**

UEDA procured a total of R180, 000 worth of groundnut seeds, which amounted to 100 bags, each weighing 40kg. The distribution was strategically targeted at three communities:

• Nkaseni: 31 bags

• **Ngodini**: 54 bags

• **Esahlumbe**: 15 bags

### NKASENI BEAN SEEDS DISTRIBUTION

#### LIVESTOCK AUCTIONS

**UMHLUMAYO AUCTION** 

UThukela Economic Development Agency (UEDA), in collaboration with key partners such as the Mdukatshani Goat Project, Siyaphambili, and the Department of Agriculture and Rural Development (DARD), has organized and conducted several successful goat auctions using in-house expertise across the district. These events aim to support previously disadvantaged farmers by providing fair market platforms for selling their livestock, fostering economic empowerment, and

promoting community engagement.

Below is the consolidated table with the total of 4 goat auctions held:

	Location	Goats	Goats	Not	Revenue	Farmers
		Presented	Sold	Sold	(R)	Commission
						(R)
16 Aug 2023	UMhlumayo,	94	94	0	189,000	6,580
	Mjindini					
14 Nov 2023	Msinga Sales	203	197	6	332,850	13,790
	Yard					
20 Mar 2024	UMhlumayo,	103	97	6	187,630	6,790
	Mjindini					

9 Apr 2024	Msinga Sales Yard	120	120	0	249,575	8,400
Total	-	520	508	12	959,055	35,560

**Total Revenue: R 959,055.00** 

These goat auctions underscore UEDA's commitment to supporting rural development through strategic partnerships and well-organized events. Moving forward, UEDA aims to enhance auction processes and increase outreach to maximize benefits for farmers and the broader community.

#### **CHALLENGES**

- CIPC Document Delay in Accreditation Process: A delay in obtaining the
  required company registration document from CIPC hindered UEDA's
  accreditation process with the Quality Council for Trades and Occupations
  (QCTO). This was a significant setback, as the delay affected UEDA's ability to
  meet the accreditation timeline, thus slowing down the process of officially
  certifying UEDA's programs.
- Marketing and Visibility Limitations for Smaller Tourism Businesses: Smaller tourism businesses, such as Zithei Lodge, faced challenges in marketing their services, relying primarily on word of mouth without structured promotional strategies. UEDA identified this gap and made recommendations, but the lack of adequate marketing infrastructure and visibility for some businesses in the district posed a significant barrier to their growth.

#### **KEY ACHIEVEMENTS**

- In-House Training Workshops: UEDA conducted four successful training workshops focusing on teamwork, leadership, product development, and stakeholder engagement, enhancing employee skills, confidence, and productivity.
- **Tourism Promotion**: UEDA led six district tourism updates on digital platforms, raising awareness of uThukela's attractions, events, and tourism packages.

- Advocacy for Tourism SMMEs: UEDA successfully advocated for uThukela tourism products to be listed on Tourism KZN's website, boosting visibility and market reach for local businesses.
- Stakeholder Analysis and Mapping: UEDA developed and adopted a comprehensive Stakeholder Analysis Document, guiding efforts to strengthen tourism partnerships and development.
- Stakeholder Engagements and Trade Collaborations: UEDA engaged with key stakeholders like Zithei Lodge and Spionkop Lodge, improving marketing strategies and event planning, such as the 125th Spionkop Commemoration.
- Tourism Activations: UEDA organized tourism activations at locations like The Square Centre and Guinea Fowl Garage, engaging locals and travellers while promoting uThukela's tourism offerings.
- **Livestock Auctions**: UEDA successfully organized goat auctions, generating R959, 055 and empowering local farmers through fair market opportunities.
- Groundnut Seeds Distribution: UEDA distributed R180, 000 worth of groundnut seeds to farmers in Nkaseni, Ngodini, and Esahlumbe, boosting agricultural productivity.
- **Familiarisation Trips**: UEDA conducted familiarisation trips to key tourism sites, enhancing staff understanding of local products to improve marketing efforts.

#### **PART C: GOVERNANCE**

#### 9. CORPORATE GOVERNANCE STATEMENT

#### INTRODUCTION

UThukela Economic Development Agency, as a municipal entity, is committed to upholding the highest standards of corporate governance, transparency, and accountability in its operations. The Agency operates in line with the legislative framework governing municipal entities in South Africa, particularly the Municipal Finance Management Act (MFMA), Municipal System Act (MSA), the Companies Act, and King IV principles of good governance.

#### **GOVERNANCE STRUCTURE**

The governance framework of the uThukela Economic Development Agency is structured to ensure effective oversight, ethical leadership, and sound decision-making processes. The Board of Directors, appointed by the uThukela District Municipality, is responsible for providing strategic direction, approving key policies, and overseeing the management's performance. The Board operates through a governance model that includes adherence to regulatory compliance, financial prudence, and stakeholder engagement.

#### COMPLIANCE AND ACCOUNTABILITY

UThukela Economic Development Agency adheres to applicable legislative and regulatory requirements, ensuring compliance with the MFMA, the Companies Act, and any other relevant regulations. It also ensures the alignment of its operations with the municipal Integrated Development Plan (IDP) through its Annual Performance Plan. Regular financial reporting and audits are conducted to ensure accountability and transparency in the Agency's financial affairs.

#### STAKEHOLDER ENGAGEMENT

There were no Engagements held by the Corporate Service Department for the Year 2023/2024

#### **BOARD COMPOSITION AND RESPONSIBILITIES**

The Board is composed of 07 Directors with diverse skills, expertise, and experience necessary to guide the Agency in achieving its developmental and economic goals. Directors are charged with ensuring the entity's long-term sustainability, protecting the interests of its stakeholders, and fulfilling its mandate of promoting local economic development in the uThukela District.

	68,046	33,484
Zikalala N		
	73,864	35,160
	510,820	353,988

The new board members began their service at the UThukela Economic Development Agency on December 1, 2022. S. Shabalala and P.A. Stockil served on the UEDA Board until November 2022. M. Asmal, A.M. Msomi, and Nduli were part of the previous board and were reappointed as of December 1, 2022.

## 10. ANNUAL PERFORMANCE REPORT

The UThukela Economic Development Agency has identified various sectors upon which to cluster its projects. These are as elaborated below.

## **INVESTMENTS: 2023/2024 FINANCIAL YEAR**

The main objective of the investments section is to bring infrastructure & facilities that will help large and SMMEs to thrive in UThukela District. This is done through the implementation of the following programmers:

- Creation of a conducive and enabling environment for local and international businesses to thrive,
- Facilitation, coordination and monitoring of the implementation of all District economic projects and
- Restoration of business confidence, stakeholders' engagement and establishment of business working groups.

During the 2023/2024 financial year, six key performance indicators (KPIs) were set and they start from KPI 14 to KPI 19. Two of them were achieved.

## **Performance on each Key Performance Indicator**

KPI NO.	KEY PERFORMANCE INDICATOR	TARGET	ACTUAL	OUTPUT
UEDA 14	Number of engagements to develop bulk infrastructure for economic opportunities	3	2	Not Achieved
UEDA 15	Number of PSC engagements in relation to the establishment of DUT satellite office by 30 June 2023	4	0	Not achieved

UEDA 16	Number of meetings held in the establishment of Clothing and Textile Special Economic Zone by 30 June 2023	2	2	Achieved
UEDA 17	Number of engagements held to support informal economy and small enterprises	4	4	Achieved
UEDA 18	Number of engagements held to expand the manufacturing	4	2	Not achieved
UEDA 19	Number of engagements to develop strategic transport infrastructure	4	0	Not Achieved

#### **CHALLENGES**

- The experienced manager's contract expired during the year.
- Postponed activities due to budget constraints.

## REMEDIAL ACTION

- Finance officer was appointed to head the section
- Only programmes budgeted for were included in the APP.

### **RASET AND AGRICULTURE: 2023/2024 FINANCIAL YEAR**

The section is responsible for developing sustainable commercialisation of Agriculture and Agribusiness industries and the implementation of RASET in the UThukela District. In the period under review, there were ten key performance indicators (KPIs) under which the section had to perform. KPIs touched on a variety of areas of the agricultural continuum. These areas included engagements held with Cannabis farmers, chicken farmers, seed procurement, livestock markets, and chicory.

## **Performance on each Key Performance Indicator**

KPI NO.	KEY PERFOMANCE INDICATOR	TARGET	ACTUAL	OUTPUT
UEDA 27	Reports submitted farmer identification (1), feed procurement and distribution (1), chicken production (2) by 30 June 2024	4	1	Not Achieved
UEDA 28	Reports submitted farmer identification, seed procurement and distribution (1), monitoring visits, potato harvests (1), Project evaluation (1) by 30 June 2024	4	0	Not Achieved
UEDA 29	Four(4) reports submitted farmer identification (1), bean seed procurement	4	0	Not Achieved

	and distribution (1), monitoring visits, bean harvests (1), Project evaluation (1) by 30 June 2024			
UEDA 30	Four(4) reports submitted farmer identification (1), soya seed procurement and distribution (1), monitoring visits, soya harvests (1), Project evaluation (1) by 30  June 2024	4	0	Not Achieved

UEDA	Four (4) reports	4	2	Not
31	submitted on			Achieved

for 3rd parties, follow up (1) by	
30 June 2024	

#### **CHALLENGES**

Non-availability of funds curtailed this promising programme

## REMEDIAL ACTION

Projects not budgeted for should not be in APP

#### TOURISM: 2023/2024

The Tourism unit of the UThukela Economic Development Agency is accountable for promoting, enhancing & and supporting initiatives that contribute towards tourism development within UThukela District. The tourism sector is highly dependent on the movement of people. The Tourism unit, UThukela Economic Development Agency continues to position UThukela as a first-choice world-class tourism destination

To regain the district's market share, particularly in the domestic market, and rebuild consumer confidence, UEDA Tourism is using attainable marketing tactics to achieve this. These include a fearless approach towards marketing campaigns with strong business/trade, Tourism KZN, and to some degree, media partnerships to keep UThukela District top of mind to travelling consumers, to drive focused messages to position and promote UThukela District as the only destination to visit throughout different seasons. This is done despite the very tight budget constraints and unexpected changes to budget allocations by the parent municipality.

## Performance of each Key Performance Indicator

KPI NO.	KEY PERFOMANCE INDICATOR	TARGET	ACTUAL	OUTPUT
UEDA 20	Number of in-house tourism training & development workshops conducted with the tourism interns & officers	4	4	Achieved
UEDA 21	Number of District Tourism Marketing updates by 30 June 2023	4	5	Achieved
UEDA 21.1	Lobbying for the provincial tourism authority and municipalities to ensure that tourism SMMEs are listed and promoted on their websites	4	4	Achieved
UEDA 22	Number of Tourism Stakeholder Analysis by 30 June 2023	1	1	Achieved
UEDA 22.1	Number of Tourism stakeholder Engagement Plan by 30 June 2024	1	1	Achieved
UEDA 22.2	Number of stakeholders engagement held by 30 June 2024	3	3	Achieved
UEDA 23	Number of tourism activation programs conducted by 30 June 2024	4	4	Achieved

UEDA 24	Lobbying for funding for the construction of Phase one of uMhlumayo Cultural Village Project by 30 June 2024	4	1	Not Achieved
UEDA 25	Coordinate accreditation of UEDA with the Tourism specific SETA by 30 June 2024	1	1	Achieved

UEDA 26	Conduct Familiarisation trips on all tourism routes	8	8	Achieved

#### CHALLENGES

• Changes in budget allocations by the parent municipality hurt operations

#### REMEDIAL ACTIONS

 Budget allocations by the parent municipality should be carried out as per commitments

## **CORPORATE GOVERNANCE: 2023/2024 FINANCIAL YEAR**

Corporate governance embodies processes and systems by which municipal entities are directed, controlled and held to account. In addition to legislative requirements based on a municipal entity's enabling legislation and Companies Act, corporate governance with regards to municipal entities is applied through Municipal Finance Management Act (MFMA), Municipal Systems Act (MSA) and run-in tandem with principals contained in the King Code of Governance for South Africa and King Report on Governance (King III).

## **Performance on each Key Performance Indicator**

KPI NO.	KEY PERFOMANCE INDICATOR	TARGET	ACTUAL	OUTPUT
UEDA 01	Compliance Checklist reviewed by Audit Committee and adopted by Board 30 June 2024	1	1	Achieved
UEDA 02	Performance reports submitted to UTDM	4	4	Achieved
UEDA 03	Quarterly Board meetings	4	4	Achieved

UEDA 04	Quarterly internal Audit Committee Reports by 30 June 2024	4	3	Not Achieved
UEDA 05	Conduct employee Performance Management reviews by 30 June 2024	4	4	Achieved
UEDA 06	Implementation of skills training programs by 30 June 2024	2	4	Achieved
UEDA 07	Adoption human resources and related policies by 30 June 2024	14	14	Achieved

## **CHALLENGES**

- The Agency does not have an internal audit committee; it relies on the committee
  of the Parent municipality, Internal Audit did not audit the quarter 2 reports because
  it was not formally appointed.
- The audit committee reports are not submitted to the Agency on time.

#### REMEDIAL ACTION

 The Council resolved that the shared services of the Audit and Performance committee between UTDM and UEDA be approved (resolution NO. 23/03/24)

## **FINANCE: 2023/24 FINANCIAL YEAR**

The Finance unit is responsible for the budgeting, financial management and financial reporting to UEDA's board of directors, Parent Municipality, National Treasury, COGTA, and other stakeholders. The Finance office has managed to meet all the targeted KPIs as per the Agency's Service Delivery and Budget Implementation Plan for the financial year 2023/2024:

## Performance of each Key Performance Indicator

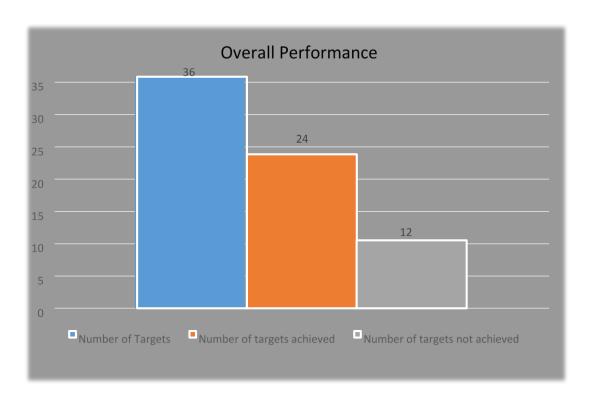

KPI NO.	KEY	TARGET	ACTUAL	OUTPUT
	PERFORMANCE INDICATOR			
UEDA08	Submission of credible annual financial statements to the Auditor-General by 31 August 2023	1	1	Achieved
UEDA09	Submission of credible annual performance report to the Auditor-General by 30 August 2023	1	1	Achieved
UEDA 10	Submission of midterm budget and performance assessment report to Board and UTDM by 20 January 2024	1	1	Achieved
UEDA11	Submission of monthly financial reports to the board and UTDM by 30 June 2024	12	12	Achieved
UEDA 12	Submission of annual budget in terms of S87 of MFMA to the parent municipality by 31 January 2024	1	1	Achieved
UEDA 13	Submission of Annual Budget in terms of S87 of the MFMA to the parent municipality, 30 days before the start of the financial year	1	1	Achieved

#### **CHALLENGES**

- The Finance office does not have permanent staff to execute the Finance functions.
- The Agency does not have a financial system in place. The Finance unit is unable
  to submit the monthly and annual financial reports as per the format or prescribed
  standards required by the National Treasury in terms of the Municipal Finance
  Management Act no 56 of 2003 and regulations of this act, due to cash flow
  constraints to acquire the financial system.

## **REMEDIAL ACTION**

- For the Agency to sustain itself, the Parent Municipality to continue to provide the Agency with the subsidy grant.
- The Agency has to look into other ways to generate its revenue so that it can appoint its permanent finance officials and procure the financial system to comply with MFMA Act no 56 of 2003 in terms of budgeting and reporting.

## 12. AUDIT REPORT

The audit report begins on the following page.

## **AUDIT REPORT**

UThukela Economic Development Agency 2023-24

# Report of the auditor-general to KwaZulu-Natal Provincial Legislature and the Council on uThukela Economic Development Agency

## Report on the audit of the financial statements

## **Opinion**

- 1. I have audited the financial statements of the uThukela Economic Development Agency set out on pages xx to xx, which comprise the statement of financial position as at 30 June 2024, statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
- 2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the uThukela Economic Development Agency as at 30 June 2024 and its financial performance and cash flows for the year then ended in accordance with the South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and the requirements of the Municipal Finance Management Act 56 of 2003 (MFMA).

## Basis for opinion

- 3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the responsibilities of the auditor-general for the audit of the financial statements section of my report.
- 4. I am independent of the municipal entity in accordance with the International Ethics Standards Board for Accountants' *International code of ethics for professional accountants (including International Independence Standards)* (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## **Emphasis of matter**

6. I draw attention to the matter below. My opinion is not modified in respect of this matter.

## Irregular expenditure

7. As disclosed in note 18, the municipal entity incurred irregular expenditure of R1 982 902, due to failure to disqualify the supplier that did not meet the minimum qualifying score for

functionality in accordance with 2017 Preferential Procurement Regulation 5(6) in respect to Driefontein coal gasification project.

## Other matter

8. I draw attention to the matter below. My opinion is not modified in respect of this matter.

## Unaudited disclosure notes

9. In terms of section 125(2)(e) of the MFMA, the municipal entity is required to disclose particulars of non-compliance with the MFMA in the financial statements. This disclosure requirement did not form part of the audit of the financial statements and, accordingly, we do not express an opinion on it.

## Responsibilities of the accounting officer for the financial statements

- 10. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the SA Standards of GRAP and the requirements of the MFMA, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
- 11. In preparing the financial statements, the accounting officer is responsible for assessing the municipal entity's ability to continue as a going concern; disclosing, as applicable, matters relating to going concern; and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the municipal entity or to cease operations or has no realistic alternative but to do so.

# Responsibilities of the auditor-general for the audit of the financial statements

- 12. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 13. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report. This description, which is located at page 10 11, forms part of our auditor's report.

## Report on the annual performance report

- 14. In accordance with the Public Audit Act 25 of 2004 (PAA) and the general notice issued in terms thereof, I must audit and report on the usefulness and reliability of the reported performance information against predetermined objectives for the selected material performance indicators presented in the annual performance report. The accounting officer is responsible for the preparation of the annual performance report.
- 15. I selected the following material performance indicators related to local economic development presented in the annual performance report for the year ended 30 June 2024. I selected those indicators that measure the municipal entity's performance on its primary mandated functions and that are of significant national, community or public interest.
  - Number of engagements to develop bulk infrastructure for economic opportunities.
  - Number of PSC engagements in relation to the establishment of DUT satellite office by
     30 June 2024
  - Number of meetings held in the establishment of Clothing and Textile Special Economic Zone by 30 June 2024
  - Number of engagements to support informal economy and small enterprises
  - · Number of engagements held to expand the manufacturing
  - Number of engagements held to develop strategic transport infrastructure
  - Number of in-house tourism training & development workshops conducted with the tourism interns & officers
  - Number of District Tourism Marketing updates by 30 June 2024
  - Lobbying for the provincial tourism authority and municipalities to ensure that tourism SMMESs are listed and promoted on their websites
  - Number of tourism stakeholders' analysis by 30 June 2024
  - Number of tourism activation programs conducted by 30 June 2024
  - Lobbying for funding for the construction of Phase one of uMhlumayo Cultural Village
     Project by 30 June 2024
  - Coordinate accreditation of UEDA with the tourism specific SETA by 30 June 2024

- Conduct Familiarisation trips on all tourism routes
- Reports submitted farmer identification (1), seed procurement and distribution (1), chicken production (2) by 30 June 2024
- Reports submitted farmer identification (1), seed procurement and distribution (1),
   Monitoring visits (1), potato harvests (1), project evaluation (1) by 30 June 2024
- Four (4) reports submitted farmer identification (1), bean seed procurement and distribution (1), monitoring visits (1), bean harvests (1), bean harvests (1), project evaluation (1) by 30 June 2024
- Four (4) reports submitted farmer identification (1), soya seed procurement and distribution (1), monitoring visits (1), soya harvests (1), bean harvests (1), project evaluation (1) by 30 June 2024
- Four (4) reports submitted farmer identification (1), groundnut seed procurement and distribution (1), monitoring visits (1), groundnut harvesting (1), project evaluation by 30 June 2024.
- Four (4) reports submitted: Farmer identification (1), butternut seed procurement and distribution (1), monitoring visits (1), project evaluation (1).
- Reports on enquiries and engagements farmer identification (1), maize seed procurement and distribution (1), monitoring visits (1), maize harvesting (1), project evaluation (1) by 30 June 2024
- Four reports submitted on livestock markets held by 30 June 2024.
- Reports submitted by Cannabis/hemp production
- Reports submitted on business plan, fixing of machinery, funding application (1), tilling for 3rd parties, follow up (1) by 30 June 2024.
- 16. I evaluated the reported performance information for the selected material performance indicators against the criteria developed from the performance management and reporting framework, as defined in the general notice. When an annual performance report is prepared using these criteria, it provides useful and reliable information and insights to users on the municipal entity's planning and delivery on its mandate and objectives.

#### 17. I performed procedures to test whether:

• the indicators used for planning and reporting on performance can be linked directly to the municipal entity's mandate and the achievement of its planned objectives

- all the indicators relevant for measuring the municipal entity's performance against its primary mandated and prioritised functions and planned objectives are included
- the indicators are well defined to ensure that they are easy to understand and can be applied consistently, as well as verifiable so that I can confirm the methods and processes to be used for measuring achievements
- the targets can be linked directly to the achievement of the indicators and are specific, time bound and measurable to ensure that it is easy to understand what should be delivered and by when, the required level of performance as well as how performance will be evaluated
- the indicators and targets reported on in the annual performance report are the same as those committed to in the approved initial or revised planning documents
- the reported performance information presented in the annual performance report in the prescribed manner
- there is adequate supporting evidence for the achievements reported and for measures taken to improve performance.
- 18. I performed the procedures to report material findings only; and not to express an assurance opinion or conclusion.
- 19. The material findings on the reported performance information for the selected material indicators are as follows:

#### Various indicators

20. The reported achievements in the annual performance report were inconsistent with the commitments made in the approved planning documents. These discrepancies highlight misalignment between approved plans and operations, while the incorrect reporting undermines transparency and accountability.

#### Other matter

21. I draw attention to the matters below.

### Achievement of planned targets

- 22. The annual performance report includes information on reported achievements against planned targets and provides measures taken to improve performance. This information should be considered in the context of the material findings on the reported performance information.
- 23. The table that follows provides information on the achievement of planned targets and lists the key local economic development indicators that were not achieved as reported in the annual performance report. The measures taken to improve performance are included in the annual performance report on pages xx to xx.

# Local economic development

Targets achieved: 53.84%	Targets achieved: 53.84%						
Key indicators not achieved	Planned target	Reported achievement					
UEDA 14 - Number of engagements to develop bulk infrastructure for economic opportunities	3	2					
UEDA 15 - Number of PSC engagements in relation to the establishment of DUT satellite office by 30 June 2023	4	0

#### Material misstatements

24. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were in the reported performance information for local economic development. Management did not correct the misstatements, and I reported material findings in this regard.

## Report on compliance with legislation

- 25. In accordance with the PAA and the general notice issued in terms thereof, I must audit and report on compliance with applicable legislation relating to financial matters, financial management and other related matters. The accounting officer is responsible for the municipal entity's compliance with legislation.
- 26. I performed procedures to test compliance with selected requirements in key legislation in accordance with the findings engagement methodology of the Auditor-General of South Africa (AGSA). This engagement is not an assurance engagement. Accordingly, I do not express an assurance opinion or conclusion.
- 27. Through an established AGSA process, I selected requirements in key legislation for compliance testing that are relevant to the financial and performance management of the municipal entity, clear to allow consistent measurement and evaluation, while also sufficiently detailed and readily available to report in an understandable manner. The selected legislative requirements are included in the annexure to this auditor's report.
- 28. The material findings on compliance with the selected legislative requirements, presented per compliance theme, are as follows:

#### Annual financial statements

29. The financial statements submitted for auditing were not fully prepared in all material respects in accordance with the requirements of section 122(1) of the MFMA. Material misstatements of current assets, liabilities, revenue, expenditure and disclosure items identified by the auditors in the submitted financial statement were subsequently corrected resulting in the financial statements receiving an unqualified audit opinion.

#### **Expenditure management**

30. Reasonable steps were not taken to prevent fruitless and wasteful expenditure amounting to R6 390, as disclosed in note 22 to the annual financial statements, in contravention of section 95(d) of the MFMA, due interest and penalties being levied in respect of late payment of PAYE, UIF and SDL to South African Revenue Services.

#### Consequence management

31. Fruitless and wasteful expenditure incurred by the municipal entity was not investigated to determine if any person is liable for the expenditure, as required by municipal budget and reporting regulations 75(1).

#### Procurement and contract management

32. Quotation was awarded to bidder based on preference points that were not calculated in accordance with the requirements of section 2(1)(a) of the Preferential Procurement Policy Framework Act and its regulations. Similar non-compliance was also reported in the prior year. This non-compliance was identified in the procurement of groundnuts seed from accredited supplier.

## Other information in the annual report

- 33. The accounting officer is responsible for the other information included in the annual report which includes the directors' report, the audit committee's report and the company secretary's certificate, as required by the Companies Act of South Africa. The other information referred to does not include the financial statements, the auditor's report and those selected material indicators in the scoped-in objective presented in the annual performance report that have been specifically reported on in this auditor's report.
- 34. My opinion on the financial statements, the report on the audit of the annual performance report and the report on compliance with legislation do not cover the other information included in the annual report and I do not express an audit opinion or any form of assurance conclusion on it.

- 35. My responsibility is to read this other information and, in doing so, consider whether it is materially inconsistent with the financial statements and the selected material indicators in the scoped-in objective presented in the annual performance report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
- 36. I did not receive the other information prior to the date of this auditor's report. When I do receive and read this information, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

## Internal control deficiencies

- 37. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.
- 38. The matters reported below are limited to the significant internal control deficiencies that resulted in the basis for the opinion, the findings on the selected material indicators included in
  - the annual performance report and the material findings on compliance with legislation included in this report.
- 39. The accounting officer did provide adequate oversight in ensuring that the entity implement necessary controls that would ensure adherence to the applicable legislation, including conducting the necessary investigation.
- 40. The accounting officer did not ensure that that daily, monthly and annual review processes were effectively implemented and monitored in ensuring that reliable and credible set of annual financial statement as well as an accurate and consistence annual performance report are available to support financial and performance reporting.
- 41. The accounting officer did not ensure that risk assessments are performed and that assurance providers are formally appointed, as required by the legislation.

Pietermaritzburg

Auditing to build public confidence

### Annexure to the auditor's report

The annexure includes the following:

- The auditor-general's responsibility for the audit
- The selected legislative requirements for compliance testing

### Auditor-general's responsibility for the audit

#### Professional judgement and professional scepticism

As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected material performance indicators and on the municipal entity's compliance with selected requirements in key legislation.

#### Financial statements

In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the municipal entity's internal control

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made
- conclude on the appropriateness of the use of the going concern basis of accounting in the
  preparation of the financial statements. I also conclude, based on the audit evidence
  obtained, whether a material uncertainty exists relating to events or conditions that may
  cast significant doubt on the ability of the municipal entity to continue as a going concern.
- If I conclude that a material uncertainty exists, I am required to draw attention in my
  auditor's report to the related disclosures in the financial statements about the material
  uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial
  statements. My conclusions are based on the information available to me at the date of
  this auditor's report. However, future events or conditions may cause a municipal entity to
  cease operating as a going concern
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

#### Communication with those charged with governance

I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

## Compliance with legislation - selected legislative

**requirements** The selected legislative requirements are as follows:

Legislation	Sections or regulations
Municipal Finance Management Act 56 of	Sections: 1, 87(5)(b), 87(5)(d), 87(5)(d)(i),

Acting CEO  31/01/2025  31/01/2025  Acting CEO  31/01/2025  Acting CEO  31/01/2025  Corporate sasessment template to include a section for analysing the prior year's annual report and progress on addressing identified challenges.  Corporate Services Officer  Establish a

			mechanism to monitor progress on resolving challenges from the prior year's annual report, integrated with quarterly performance reviews.			
COMF 9.1 OF 2024	Reported achievement not supported by sufficient appropriate evidence.	The portfolio of Evidence (PoE) does not support the reported achievement of five updates as claimed.	Review and reconcile all reported performance achievements with the corresponding PoE before finalizing the annual performance report.	Acting CEO	30/06/2025	
			Establish a checklist for collecting and verifying PoE for all performance indicators quarterly to ensure consistency and alignment with planned targets.	Corporate Services Officer	31/03/2025	
COMF 9.2 OF 2024	Planning document not consistent with reporting document.	Printing error in the SDBIP (incorrect year cited in some KPIs).	Review and reconcile all indicators and targets in the SDBIP and APR before publication to ensure alignment and eliminate errors.	Acting CEO	30/06/2025	
			Establish a pre- publication review process involving the audit committee, internal audit, and relevant department heads to verify	Corporate Services Officer	31/03/2025	

			consistency in key documents.			
COMF 10.1 OF 2024	10.1 not submitted timeously.	not submitted timeously.  updating UEDA representative details with SARS and inadequate tracking of submission deadlines.	Implement a compliance calendar with reminders for VAT submission and payment deadlines.	Finance Officer	31/01/2025	
			Monitor submission progress for all VAT periods and maintain a log to track submission dates, payments, and resolution of any delays.	Finance Officer	On going	
			Assign a dedicated finance team member to oversee all SARS-related submissions and escalate any issues to the Finance Officer promptly.	Finance Officer	31/01/2025	
COMF 11.1 OF 2024	Fruitless and wasteful expenditure incurred in prior year was not investigated.	Lack of awareness of prior-year fruitless and wasteful expenditure requiring investigation and action by the Board.	Submit the prior- year fruitless and wasteful expenditure of R2,919 to the Board of Directors for formal investigation and resolution.	Acting CEO	31/01/2025	
COMF 11.2 OF 2024	Audit Committee not appointed.	Delayed establishment and operationalization of the Audit Committee despite its critical role in governance.	Ensure that the Audit Committee meets quarterly and operates effectively by overseeing risk management, internal controls, and compliance with legislation.	Audit Committee Chair	Ongoing	

			Conduct a review of the Audit Committee's performance by June 2025 to assess its effectiveness and address any gaps identified.	Board of Directors	30/06/2025	
COMF 11.3 OF 2024	Internal audit unit not appointed.	Reliance on the municipality's Internal Audit (IA) unit without a dedicated resource for the entity's needs.	Appoint a trainee internal auditor by January 2025 to work under the mentorship of the municipality's IA unit.	Acting CEO	31/01/2025	
			Formalize the relationship with the municipality's IA unit through an SLA (Service Level Agreement) detailing roles, responsibilities, and timelines.	Acting CEO & IA Manager	31/01/2025	
COMF 12.1 OF 2024	Fraud risk assessment not conducted.	Absence of a structured framework for annual fraud risk assessments and reliance on ad hoc risk management efforts by the	Develop a Fraud Risk Assessment (FRA) framework in collaboration with the parent municipality's Risk Management Unit.	Acting Corporate Officer	31/01/2025	
		entity.	Conduct the first comprehensive fraud risk assessment exercise with the support of the parent municipality.	Acting Corporate Officer & Parent Municipality Risk Manager	28/02/2025	

			Establish a Fraud Risk Register to document identified fraud risks, their likelihood, impact, and mitigation strategies.	Acting Corporate Officer	31/03/2025	
			Formulate a Fraud Response Plan to address identified risks systematically and ensure appropriate action is taken.	Acting Corporate Officer	31/03/2025	
COMF 12.2 OF 2024	Budget not aligned with key performance objectives.	Lack of coordination between the finance team and performance management unit during the planning and budgeting process.	Conduct a joint planning session between Finance and Performance Management units during budget preparation to align KPIs and budget.	Acting CEO	31/03/2025
