### **1.1 Mayor's Report**

The quarterly section 52 report is a report that gives a clear view on the state or performance of the Municipality for the quarter as well as the year-to-date performance. Among the impacts that are challenging the Municipality, is the cash flow challenge currently being experienced by the municipality due to among other things declining collection, historic expenditure patterns, high water losses and high rate of indigents within the municipal boundaries.

Management within local government has a significant role to play in strengthening the link between the citizen and government's overall priorities and spending plans. The goal should be to enhance service delivery aimed at improving the quality of life for all people within the UThukela District Municipality. Budgeting is primarily about the choices that the municipality has to make between competing priorities and fiscal realities. The challenge is to do more with the available resources. We need to remain focused on the effective delivery of the core municipal services through the application of efficient and effective service delivery mechanisms.

### **1.2 Council Resolutions**

1. The Council of UThukela District Municipality, acting in terms of section 52 of the Municipal Finance Management Act, (Act 56 of 2003) to note:
2. Monthly Budget statements and supporting documents for quarter 3 of 2025.

### **1.3 Executive Summary**

To inform Committee of the financial status of the municipality for Quarter 3 of the 2024/25 financial year in accordance with section 52(d) of the Municipal Finance Management Act 56 of 2003 which states "the mayor of a municipality must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality".

The Municipal Budget and Reporting Regulations also put emphasise on the quarterly reporting with Regulation 31(1) which state that "the mayor's quarterly report on the implementation of the budget and the financial affairs of the municipality as required by section 52(d) of the MFMA must be –

- (a) In the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the MFMA; and
- (b) Consistent with the monthly budget statements for January, February and March as applicable; and

- (c) Submitted to the National Treasury and relevant provincial treasury within five days of tabling of the report in the council.

Cash Coverage Ratio	<p>(Cash and Cash Equivalents – Unspent Conditional Grants- Overdraft + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortization and Provision for Bad Debts, Impairment and Loss on Disposal of Assets)</p> <p><math>(59\,292\,496.52 - 131\,196\,520.68 - 0 + 112\,547\,000 / 56\,413\,000)</math></p> <p><b>= -1 month</b></p>	<p>The ratio is adjusted for Unspent Conditional Grants as the cash is not available for normal Municipal day-to- day operational expenditure but rather reserved for Grant related expenditure.</p> <p>The municipality ratio is - 01 month. The coverage is decreasing compared to February 2025, as can be witnessed from the increase of cash and cash equivalent and short investment</p> <p>The normal range is between 1 month and 3 months.</p>
